Career Objective

Motivated and enthusiastic B.Tech student specializing in Artificial Intelligence and Machine Learning at K.R. Mangalam University, Gurgaon. Passionate about learning emerging technologies and developing innovative solutions that solve real-world problems. Seeking opportunities to gain hands-on experience through projects, hackathons, and internships.

Education

K.R. Mangalam University, Gurgaon
Bachelor of Technology (B.Tech) in Artificial Intelligence & Machine Learning 2025– Present | First Year

Ajmani International School, Lakhimpur Kheri (U.P.)
Completed Higher Secondary Education (Class XII)

Technical Skills

- Programming Languages: Python, (beginner)
- Web Development: HTML, CSS , Java script
- Tools & Platforms: VS Code, GitHub (basic)
- Interests: Artificial Intelligence, Robotics, Problem Solving

Projects

Educational Drone : Built and tested a quadcopter drone as an academic project, gaining hands-on experience in embedded systems, electronics integration, and UAV fundamentals.

Offline Education App (Hackathon Project): Currently developing an app concept for the Unstop Hackathon that provides complete offline education resources to help rural students who lack stable internet access.

Robotic Arm for Disabled (Concept Project): Designed a prototype idea of a robotic arm controlled through hand gestures to assist physically challenged individuals.

Learning & Certifications

Currently learning Python, AI & Web Development through Apna College online resources.

Achievements & Activities

- Participated in university-level hackathons and ideation challenges.
- Engaged in self-learning and exploring practical AI and robotics applications.

Hobbies & Interests

- Playing Chess
- Reading Financial Books (e.g., Rich Dad Poor Dad)
- Exploring Technology Trends
